a Superintendent of Streets?*

Yes.....	497
No.....	555
Blanks.....	246

At the annual meeting of the inhabitants of the Town of Cohasset held Saturday, the eighth day of March, 1930, at two o'clock, the following articles were acted upon:

Tellers appointed and sworn by Moderator, Henry E. Sweeney and Nelson G. Pratt.

Voted to adopt the following Resolution:

*Whereas*, the Master called to himself one of our beloved townsmen and associates and thereby Thomas L. Bates has left for a life beyond.

Thomas L. Bates was appointed special officer of the Town of Cohasset in 1908 and served the Town until 1911 when he was appointed Chief of Police, thereby serving said Town without interruption until 1925; he was appointed Constable for the Town of Cohasset in 1919 and continued in such service until 1925; he was appointed Deputy Sheriff of Norfolk County in January, 1921, and served as a Deputy Sheriff for the County of Norfolk until his death, January 14, 1930.

During his entire life he was genial and helpful to all and his untimely decease is a personal loss to his many friends and townspeople. His loss to the Town is highly regretted as he was honest, faithful and brave as a public servant.

Therefore, be it resolved by the citizens of the Town of Cohasset that we record our sincere sorrow that this lovable and useful life has been terminated. We have been deprived of his friendship, his advice and his service and the Town has lost an earnest and sincere and faithful citizen.

Be it further resolved that this action be spread upon the records of the Town and that a copy of the same be sent to his bereaved family.

*Article 3.* To choose all Town Officers not required to be elected by ballot.

Voted that they be appointed by the Selectmen.

*Article 4.* To act upon the reports of the various Town Officers as printed in the annual report for the year 1929.

Voted that the reports of the various Town Officers as printed in the annual Town report for the year 1929 be accepted.

*Article 5.* What sums of money will the Town raise and appropriate for the following:

Voted that in order to save the time of this meeting, the appropriations requested under Sections 1 to 50 inclusive, of *Article 5*, being the sections relating to the usual Town departments, be acted on in one vote instead of separate votes.

Voted that under *Article 5*, Sections 1 to 50 inclusive of the Warrant for the Annual Town Meeting the following amounts are hereby raised and appropriated, as recommended by the Finance Committee:

*Folio*

1. Moderator . . . . .	\$100.00
1a. Finance Committee, expenses . . . . .	150.00

50.	Reserve Fund . . . . .	5,000.00

*Article 6.* Will the Town authorize the Treasurer with the approval of the Selectmen to hire what money may be needed in anticipation of the taxes of the current year, to be paid as soon as money sufficient for the purpose is received?

Voted that the Town Treasurer, with the approval of the Selectmen, be and is hereby authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1930, and to issue a note or notes therefor payable within one year, any debt or debts incurred under this vote to be paid from the revenue of said financial year.

*Article 7.* To hear the report of any committee heretofore chosen and act thereon.

Voted to accept the report of the Committee on Town Common, as follows:

The Committee on Town Common appointed under a resolution at the last Annual Town Meeting report as follows:

The Committee organized, discussed the matter and interviewed all the property owners surrounding the Common. All agreed that the Common ought to remain residential, but all thought it advisable for the residents to restrict their property rather than have the Town do it. This method was used satisfactorily in the Town of Lexington, where a similar Common is concerned.

After conference with the Selectmen, the Committee reports that no action of the Town is desired, but that the result can better be obtained by coöperative action by the owners of property.

OLIVER N. HOWE,  
*Chairman of Committee.*

March 8, 1930.

Voted that the Report on the Cohasset Town Home, as read be accepted.

*Article 8.* What action will the Town take in regard to creating or erecting a suitable war memorial? Voted that this article be indefinitely postponed.

*Article 9.* To see what action the Town will take regarding

the erection of the proposed Memorial for the Veterans of all Wars, now being considered.

Voted that the citizens of Cohasset in Town Meeting assembled, March 8, 1930, do approve and accept the design by Margaret Allen of the Peace Memorial to Veterans of all wars.

*Article 10.* To see if the Town will grant permission for the placing of the proposed war memorial now being considered, upon land deeded to the Town for public use known as the St. John lot. (A. F. B. Petersen and others for this and preceding article.)

Voted that permission to erect proposed memorial on the St. John Lot as asked under Article 10 be granted.

*Article 11.* Will the Town vote to remove the gates at Gulf River Dam, and raise and appropriate the sum of \$500 for that purpose, or act on anything relating thereto?

Voted that the sum of \$200 is hereby raised and appropriated to be spent under direction of the Board of Selectmen for the purpose of changing the water in Gulf River occasionally during the summer months by opening and closing the present gates, and that a Committee consisting of John J. Grassie, Edward L. Higgins, Carl T. Keller, Frank F. Martin, Jr., Joseph N. Willcutt and the members of the Board of Selectmen is hereby appointed to consider what permanent action, if any, should be taken with respect to the gates at Gulf River, said Committee to confer with citizens of Scituate, and with the State authorities, and report its recommendations at the next Annual Town Meeting.

*Article 12.* To see if the Town will raise and appropriate the sum of \$10,000 for the purpose of dredging in Cohasset Harbor, or take any action in relation thereto. (Manuel E. Salvador and others.)

Voted that the sum of \$2,500 be raised and appropriated for said purpose, provided a suitable amount can be raised from other sources, and that the following committee be appointed to carry out the provisions of said Article: Joseph N. Willcutt, James Dean, F. F. Martin, Jr., M. E. Salvador, John J. Grassie, Joseph A. Antoine and Hugh Bancroft.

*Article 13.* Will the Town raise and appropriate the sum of \$1,000 to be used for mowing bushes and repairing walls and

fences on the Town farm property, rate of wages to be paid, three dollars per day?

Voted to raise and appropriate the sum of \$1,000 to be used for mowing bushes and repairing walls and fences on the Town farm property, rate of wages to be paid, five dollars per day.

Voted to take up *Article 17.*

*Article 17.* To see if the Town will raise and appropriate the sum of \$60,000 for the purpose of constructing a building consisting of a two-story, six-room addition connected to, with, and in the rear of the grade schoolhouse situated on Ripley Road, to increase the floor space thereof and for the original equipping, and furnishing of said addition; authorize the Treasurer with the approval of the Selectmen to borrow any or all of said sum, or determine how otherwise said money shall be raised; appoint a committee to supervise said construction with full authority to secure plans and otherwise contract for and in behalf of the Town in all matters necessary to accomplish the construction, furnishing and equipping of said building; or act on anything relating thereto.

Voted that there be raised and appropriated the sum of \$50,000 for the purpose of constructing a two-story, six-room addition connected to, with, and in the rear of the grade schoolhouse on Ripley Road to increase the floor space thereof and for the original equipping and furnishing of said addition; and to meet said appropriation that there be raised the sum of \$3,000 in the current year's tax levy, and that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$47,000 and to issue bonds or notes of the Town thereof, said bonds or notes to be payable in accordance with the provisions of Chapter 44 of the General Laws and Acts in addition thereto or amendment thereof, so that the whole loan shall be paid in not more than twenty years; and further that a committee consisting of the present School Committee be and hereby are appointed to supervise the construction of said building and the furnishing and equipping of same with full power and authority to secure and select plans, employ an architect, award contracts and otherwise contract for and in

behalf of the Town in all matters necessary to accomplish the construction, furnishing and equipping of said building.,

*Article 18.* To see if the Town will vote to establish as a town way or to accept the layout of Red Gate Lane, running from North Main Street to Jerusalem Road, all as laid out by the Selectmen, and shown upon plan on file in the Town Clerk's office; authorize the Selectmen to purchase or take an easement in such land as is necessary for said way, appropriate the sum of one dollar for the purchasing or taking thereof, or act on anything relating thereto. (Harold P. Barnes and others.)

Voted that the Town establish as a town way and accept the layout of Red Gate Lane, running from North Main Street to Jerusalem Road, all as laid out by the Selectmen, and shown upon plan on file in the Town Clerk's office; authorizing the Selectmen to purchase or take an easement in such land as is necessary for said way and appropriating the sum of one dollar for the purchasing or taking thereof.

*Article 19.* Will the Town raise and appropriate \$7,585.69 to rebuild a part of South Main Street at Landry's Hill, so-called' or act on anything relating thereto? (George Jason and others.)

Voted that the Town raise and appropriate \$7,585.69 to rebuild a part of South Main Street at Landry's Hill, so-called.

*Article 20.* Will the Town raise and appropriate the sum of \$9,000 to purchase for municipal and park purposes and improvement of same the land and buildings thereon located on the corner of Beechwood Street and Doane Street, being the entire property owned by Mary White, also lot of land on southeasterly corner of Doane and Beechwood Streets, being the entire lot of land bounded easterly by Gonsalves, southerly by Pratt's land, westerly by Doane Street, northwesterly by Beechwood Street, land owned now or formerly by Elmer E. Bates; also a third tract of land owned by Anthony Gonsalves; said Gonsalves land is to transfer if purchase is made of a strip of land sixty feet in width parallel with Beechwood Street; said land bounded easterly by the Beechwood Improvement Association, southerly by Gonsalves, westerly by Bates, northwesterly by Beechwood Street; all buildings are to be removed

by owners, said land to be conveyed, subject to a right of way twenty feet wide along southwesterly end running parallel to stone wall, or act on anything relating thereto?

Voted that a committee of five consisting of Charles W. Gammons, Levi T. Lincoln, Herbert L. Brown, George F. Sargent, Jr. and Spencer S. Stoughton be and are hereby appointed to consider the advisability of acquiring by the Town for municipal purposes the property referred to in Article 20 of the Warrant for the Annual Town Meeting this year, and report their recommendations to the next Annual Town Meeting, and cause a suitable article to be inserted in the Town Warrant to carry out their recommendations.

Voted that this meeting be adjourned until Saturday, March 15, at 2 p.m.

*Article 14.* Will the Town raise and appropriate \$1,820 to purchase a caterpillar sidewalk snow plow, or act on anything relating thereto? (George Jason and others.)

Voted in the negative.

*Article 15.* Will the Town raise and appropriate the sum of \$1,700 for the purpose of constructing an addition to Engine No. 1 building at the Cove for an office for the Chief of the Fire Department and a garage for the small forest fire truck? (Frank F. Martin, Jr. and others.)

Voted in the negative.

*Article 16.* Will the Town raise and appropriate the sum of \$1,000 to finish tarring Lambert's Lane from where the tar leaves off and continuing in a westerly direction, or act on anything relating thereto? (Chauncey W. Strickland and others.)

Voted in the affirmative.

*Article 21.* Will the Town accept the layout and establish as a town way the lane called Elm Court, as shown on a plan on file with the Town Clerk, and authorize the Selectmen to purchase, or take as an easement in, such land as is necessary for said way, raise and appropriate the sum of \$5,000 to pay land damages and construct said way, or act on anything relating thereto?

Voted that the Town accept the layout as a town way of

Elm Court under the provisions of law authorizing the assessment of betterments as laid out by the Selectmen, February 28, 1930, and according to a Plan on file in the Town Clerk's office, and further that the sum of \$5,000 be raised and appropriated for the purpose of constructing said way and for land damages awarded as such.

*Article 22.* Will the Town vote to pay the permanent drivers of the fire apparatus a minimum salary of thirty-five dollars (\$35) a week? (Paul W. Pratt and others.)

Voted in the negative.

*Article 23.* To see if the Town will raise and appropriate the sum of \$2,500 for the eradication of mosquitoes through drainage or other means, and to act with the state, the county or any towns, to accomplish the above stated purpose, or to take any action relating thereto. (Board of Health.)

Voted that \$1,250 be raised and appropriated.

*Article 23a.* To see if the Town will vote to raise and appropriate a sum of money not exceeding \$2,500 for the eradication of mosquitoes, the same to be spent under Chapter 252 of the General Laws, as amended by Chapter 457, Acts of 1923 and subsequent amendments, especially Chapter 288 of the Acts of 1929, or take any action relating thereto. (Board of Health.)

Voted to indefinitely postpone this article.

*Article 24.* To see if the Town will authorize the Selectmen to purchase for the purpose of a town dump land belonging to Aaron and Roscoe Pratt, located on the westerly side of Doane Street, bounded and described as follows: Beginning at the northeast corner of property (now known as "Town Dump") following wall 800 feet more or less to back wall, thence following said back wall southerly 200 feet, thence easterly 800 feet more or less to Doane Street, thence following Doane Street northerly 200 feet to point of beginning; and that the sum of \$350 be raised and appropriated for the purchase of said land. (Board of Health.)

Voted in the affirmative.

*Article 25.* Will the Town vote to extend the water main through the western end of Beechwood Street and place one hydrant between the residence of Sanford L. Damon and resi-

dence of Clement L. Brown, and one near the residence of George White, or act on anything relating thereto? (Clement L. Brown and others.)

Voted that the sum of \$150 be raised and appropriated for the purpose of maintaining two hydrants in the vicinity of the residence of Sanford Damon and Ira N. Pratt provided the Selectmen can arrange with the Water Company to extend the water main over the section of Beechwood Street referred to in Article 25.

*Article 26.* To see if the Town will vote to designate North Main Street and South Main Street from the Scituate line to the Hingham line a through way, subject to the provisions of Acts of 1928, Chapter 357, Section 5.

Voted in the affirmative.

*Article 27.* Will the Town raise and appropriate a sufficient sum of money to maintain fourteen 1,000 candlepower lights in the business section of the Town on Depot Court, South Main Street from Browne's Corner to Hillside Inn, and on Brook Street, and on Elm Street from the Cohasset Savings Bank to George H. Mealy Square, or act on anything relating thereto? (August F. B. Petersen and others.)

Voted that \$600 be raised and appropriated.

*Article 28.* Will the Town raise and appropriate the sum of \$350 for the purpose of constructing a drain through the property of Anthony M. Gonsalves to take care of overflow of water from the highway, back meadows, etc., or act on anything in relation thereto? (Anthony M. Gonsalves and others.)

Voted that \$350 be raised and appropriated.

*Article 29.* Will the Town raise and appropriate a sufficient sum of money to install aerial markings on the roof of the Ripley Road Schoolhouse, or act on anything relating thereto? (August F. B. Petersen and others.)

Voted to indefinitely postpone this article.

*Note:* Under *Article 29* the following resolution was adopted, — that it is the sentiment of this meeting that the School Committee be instructed to install aerial markings on the roof of the Ripley Road School.

*Article 30.* Will the Town raise and appropriate a sufficient sum of money to install and maintain an electric light opposite the house of A. F. Nott on Beechwood Street, or act on anything relating thereto? (Elizabeth Nott and others.)

Voted that \$22 be raised and appropriated.

*Article 31.* Will the Town raise and appropriate the sum of \$44 to install and maintain two additional electric lights on Cedar Street near the residence of Irving F. Sylvester, or act on anything relating thereto? (Irving F. Sylvester and others.)

Voted that \$44 be raised and appropriated.

*Article 32.* Will the Town raise and appropriate \$150 for two hydrants on Pond Street, the location to be decided by the Board of Selectmen and the Chief of the Fire Department, or act on anything relating thereto? (George Jason and others.)

Voted that \$150 be raised and appropriated, provided the Water Company will extend the water main.

*Article 33.* Will the Town raise and appropriate the sum of \$75 for the installation and rental for one year of a hydrant on Church Street in the vicinity of the Beechwood Church? (Frank F. Martin, Jr. and others.)

Voted in the affirmative.

*Article 34.* Will the Town appropriate from the "Sale of Lots and Graves" Fund, now \$1,144.30, the sum of \$500 to be added to the balance now remaining unexpended and brought over from the 1929 accounts (\$1,661.72) for the construction of roads, moving of hedges and other permanent improvements, or act on anything relating thereto?

Voted in the affirmative.

*Article 35.* To see what action the Town will take in reference to the adoption of a by-law or by-laws relative to funds, money or securities held in trust by the Town for the purpose of the preservation, care, improvement or embellishment of the Town cemetery (Woodside) and of burial lots situated therein.

Voted that the Selectmen act as a Committee to consider the question of acceptance of funds left in trust for the preservation, care and improvement of burial lots and cemeteries, report at the next Town Meeting, inserting proper article in the warrant to carry out their recommendations.

Voted that the thanks of this meeting be extended to the Moderator for the able and impartial manner in which he has presided over it.

Voted that this meeting be dissolved.

Total amount raised and appropriated.....	\$305,009.06
Amount of bonded debt appropriated.....	47,000.00
Amount appropriated to be taken from the Cemetery Fund.....	500.00

*Question No. 1***Proposed Amendment to the Constitution**

Shall an amendment to the Constitution relative to the apportionment of senatorial, representative and councillor districts, further described as follows:

The proposed amendment of the Constitution provides for the annulment of Article XXI of the Articles of Amendment of the Constitution and the substitution therefor of a new Article XXI, and for the annulment of Article XXII of the Articles of Amendment of the Constitution and the substitution therefor of a new Article XXII. The proposed amendment embodies in substance the following changes in and additions to said Articles XXI and XXII:

1. In proposed Article XXI, towns of twelve thousand inhabitants or more may be divided in forming representative districts. No precincts, however, in such towns may be divided. In taking the census the special enumeration of legal voters shall specify the number residing in each precinct of such towns. Under existing Amendment XXI no town may be divided and no specification of the number of voters in a precinct is required.

2. The division of a county into representative districts and the apportionment of representatives to districts therein is to be made by "The County commissioners or other body acting as such or, in lieu thereof, such board of special commissioners in each county as may for that purpose be provided by law. . . ." Under Article XXI as it now stands the division and apportionment is made by "The mayor and aldermen of the City of

Boston, the county commissioners of other counties than Suffolk, — or in lieu of the mayor and aldermen of the City of Boston, or of the county commissioners in each county other than Suffolk, such board of special commissioners in each county, to be elected by the people of the county, or of the towns therein, as may for that purpose be provided by law. . . .” The time for assembling of such commissioners, board or body for the purpose of making such division and apportionment is also changed, from the first Tuesday of August next after each assignment by the Legislature of the number of representatives to each county, to a time within thirty days after certification by the Secretary of the Commonwealth to such commissioners, board or body of the number so assigned, or within such other period as the General Court may by law provide.

3. Under the proposed Articles, each special enumeration shall be the basis for determining the districts, senatorial, representative and councillor, for the ten-year period beginning in the fourth January following said special enumeration and the present division of districts is to remain in effect until January, 1939. Under the existing amendments the ten-year period is the period between the taking of each census. (Thus, the next redivision based upon the next census in 1935 would, under the proposed Articles, affect those elected in 1938 to hold office beginning in January, 1939, instead of affecting those elected in 1936 to hold office beginning in January, 1937. Under existing amendments representation of newly created districts begins in January of the second year after each ten-year census, whereas under the proposed article it would begin in January of the fourth year thereafter.) The number of representatives (240), senators (40), and councillors (8) is not changed.

4. The Legislature may limit the time within which a division of representative, councillor or senatorial districts may be questioned by judicial proceedings. The existing amendments contain no provision that itself limits or authorizes the Legislature to limit such time.

which received in a joint session of the two Houses held May 17, 1928, 182 votes in the affirmative and 48 in the negative, and

at a joint session of the two Houses held May 26, 1930, received 155 votes in the affirmative and 88 in the negative, be approved?

Yes.....	471
No.....	137
Blanks.....	614

### *Question No. 2*

#### **Law Proposed by Initiative Petition**

Shall the proposed law which amends the General Laws by striking out Chapter 138, Section 2A, which Section provides that, "No person shall manufacture, transport by air craft, water craft or vehicle, import or export spirituous or intoxicating liquor as defined by section three, or certain non-intoxicating beverages as defined by section one, unless in each instance he shall have obtained the permit or other authority required therefor by the laws of the United States and the regulations made thereunder," which law was disapproved in the House of Representatives by a vote of 110 in the affirmative and 123 in the negative and in the Senate by a vote of 11 in the affirmative and 26 in the negative, be approved?

Yes.....	643
No.....	405
Blanks.....	174

### *Question No. 3*

#### **Law Proposed by Initiative Petition**

Shall the proposed law which amends General Laws, Chapter 131, by inserting therein a new Section number 59A, which in substance makes it a misdemeanor punishable by a fine of fifty dollars for any person to use, set or maintain any trap or other device for the capture of fur-bearing animals which is likely to cause continued suffering to an animal caught therein and which

is not designed to kill the animal at once or take it alive unhurt, except traps or other devices for protection against vermin, set or maintained within fifty yards of any building or cultivated plot of land to the use of which the presence of vermin may be detrimental, which law was disapproved in the Senate by a vote of 12 in the affirmative and 24 in the negative, and in the House of Representatives by a vote of 48 in the affirmative and 167 in the negative, be approved?

Yes.....	630
No.....	309
Blanks.....	283

---

At a Special Town Meeting of the inhabitants of the Town of Cohasset, held on November 5, 1930, the following Articles were acted upon:

*Article 1.* To choose a Moderator to preside in said meeting.  
Chose William H. Morris.

*Article 2.* To see what action the Town will take in reference to the adoption of a by-law consistent, and in accordance, with Section 19, Chapter 114, General Laws of the Commonwealth of Massachusetts, as follows:

The Town of Cohasset may receive, hold and apply any funds, money or securities deposited with the treasurer thereof for the preservation, care, improvement or embellishment of the Town cemetery, known as Woodside, or of burial lots situated therein. Such funds, money or securities shall be entered upon the books of the treasurer and held in accordance with this by-law either by him or in banks, the interest thereon to be applied to the general maintenance of the cemetery for the perpetual care of lots and graves, as directed by the donors, or in other ways as directed by the Selectmen.

Voted in the affirmative.

*Article 3.* To see if the Town will appropriate from any available funds in the treasury the following for unpaid bills of 1929:

a. Selectmen for advertising . . . . .	\$103.00	
b. Town Clerk, for advertising . . . . .	21.00	
c. Registration of Voters, for advertising . . . . .	4.00	
	<hr/>	\$128.00

Voted that the sum of \$128 be appropriated for the above purposes.

*Article 4.* To see if the Town will appropriate from any available funds in the treasury the following amounts:

a. Police Department . . . . .	\$300.00	
b. Tree Warden, for mowing bushes and cleaning up the sides of roads . . . . .	500.00	
c. Forest fires . . . . .	1,500.00	
d. Highways, general, repairs, etc. . . . .	4,000.00	
e. Elm Court, layout . . . . .	1,000.00	
f. Cemetery, for improvement, roads, etc. . . . .	1,000.00	
g. Cemetery, for the acquisition of a strip of land for the protection of the en- trance (Woodside) . . . . .	300.00	
	<hr/>	\$8,600.00

Voted that this article be taken up by separate items.

- a. Police Department, \$300 voted in the affirmative.
- b. Tree Warden, \$500 voted in the affirmative.
- c. Forest Fires, \$1,500 voted in the affirmative.
- d. Highways, general, repairs, etc., \$4,000, —

Voted that the sum of \$4,000 be and hereby is appropriated for the general needs of the Highway Department, the said \$4,000 to cover commitments already made for such needs and the requirements for the balance of the calendar year; expenditures and commitments for such additional work to be incurred only on written approval secured in advance, of a committee of five to be appointed by the Moderator.

*Resolved:* That a Roads Committee of five members be appointed by the Moderator to investigate and consider the matters of street lay-out, street construction, repairs and maintenance of streets, the removal of snow and ice, the planning of work and budgeting of expenditures in connection therewith and any other matters bearing on the general subject of Town

streets; the said Committee to report in writing at the Annual Town Meeting in March 1931 the results of its observations and its recommendations as to the construction and care of streets in all branches including snow removal.

The Committee appointed by the Moderator on the above resolutions was Edward F. Willcutt, Hollis T. Gleason, Edward A. Mulvey, Ralph Scripture and Charles J. Deegan.

*e.* Elm Court layout, \$1,000 voted in the affirmative.

*f.* Cemetery, for improvement, roads, etc., \$1,000, voted in the affirmative.

*g.* Cemetery, for the acquisition of a strip of land for the protection of the entrance (Woodside), \$300, —

Voted that the Selectmen be and hereby are authorized to purchase a strip of land fifty (50) feet wide, belonging to Lucy F. Beale situated in the Town of Hingham on the northwesterly side of Woodside Cemetery and adjacent thereto and running from East Street to the rear along said Cemetery land as far as it extends for municipal purposes, to wit: the enlarging and protection of the entrance to said Cemetery, instruct and authorize its Selectmen to petition the General Court for necessary legislation to permit such purchase, and further that \$300 be and hereby is appropriated for the purchase of same.

*Article 5.* What action will the Town take regarding the proposed new State Road?

Voted that the following Resolution be adopted:

Whereas a town meeting of the registered voters of the Town of Cohasset, Massachusetts, has been called to convene on this fifty day of November, 1930 for the purpose of considering the location of a proposed State Highway through the Town of Cohasset, and

Whereas said meeting having been duly convened and full discussion had concerning various possible locations for said State Highway,

*Resolved* that it is the sentiment of this meeting that the so-called Doane Street location connecting the Southern Artery at or near Kimball's Lumber Yard in the Town of Hingham through Doane Street in the Town of Cohasset with the existing State Highway at Little's Bridge in the Town of Marshfield is

the best and most desirable location for said Highway from the standpoint of the Town of Cohasset, and

*Further Resolved* that the Clerk be and he is hereby authorized and instructed to transmit a copy of this resolution to the Honorable Commissioner of Public Works of the Commonwealth of Massachusetts and to the County Commissioners of Norfolk and Plymouth Counties.

## COMMONWEALTH OF MASSACHUSETTS

### Convention of Town Clerks

#### *Third Plymouth Representative District*

On the fifteenth day of November A. D. 1930 the Town Clerks of Hingham, Cohasset and Hull, said Towns comprising the Third Plymouth Representative District, assembled at the office of the Town Clerk in Hingham at 2.30 o'clock in the afternoon, for the purpose of examining the returns of votes given in and determining who had been elected to represent said District in the General Court, to be holden at Boston, the first Wednesday in January, 1931, proceeded to canvass said returns and found the ballots given in for the several candidates to be as follows:

	<i>Hingham</i>	<i>Cohasset</i>	<i>Hull</i>	<i>Total</i>
William G. Eaton of Hull.....	455	293	330	1,078
John Q. Knowles of Hull.....	1,475	665	618	2,758
Edgar T. Brickett of Hingham....	321	181	18	520
Blanks.....	116	83	27	226
Total.....	2,367	1,222	993	4,582

It appearing that John Q. Knowles of Hull, Mass., had received a plurality of the votes given in, a certificate of election was issued to him.

HARRY F. TILDEN, *Town Clerk of Cohasset*,  
 ANDREW F. POPE, *Town Clerk of Hull*,  
 MARY G. LINCOLN, *Town Clerk of Hingham*.

## Record of Births, Deaths and Marriages Recorded in 1930

### BIRTHS

Total number of births was ninety.

There were fifty-seven births where the parents were residents of other towns.

Of the forty-three whose parents were residents of Cohasset nineteen were females and twenty-four were males.

### MARRIAGES

Total number of marriages was forty, of which twenty-five were married in Cohasset.

### DEATHS

Total number of deaths was seventy-four, and includes those who died in other towns and were brought here for burial; of the forty-eight who were residents of Cohasset twenty-five were males and twenty-three were females.

The causes of death were as follows: cerebral hemorrhage, 10; nephritis, 7; myocarditis, 7; carcinoma, 6; pneumonia, 3; still-born, 3; diseases of heart, 20; diabetes, 2; inanition, 2; accidental, premature birth, marasmus, coronary embolism, bronchitis, and meningitis, one each.

---

*Parents be sure to record the birth of your child with given name in full.*

### READ THE LAW !

“Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born. . . .” — Gen. Laws, Chap. 46, Sec. 6.

SOME OF THE MANY REASONS WHY BIRTHS  
SHOULD BE RECORDED

To establish identity.

To prove nationality.

To prove legitimacy.

To show when the child has the right to enter school.

To show when the child has the right to seek employment  
under the child labor law.

To establish the right of inheritance to property.

To establish liability to military duty, as well as exemption  
therefrom.

To establish the right to vote.

To qualify to hold title to, and to buy or sell real estate.

To establish the right to public office.

To prove the age at which the marriage contract may be  
entered into.

To make possible statistical studies of the health conditions.

*Your coöperation to the end that all births may be properly  
recorded will be greatly appreciated.*

HARRY F. TILDEN,  
Town Clerk.

## BIRTHS FOR THE YEAR 1930

<i>Date</i>	<i>Name of Child</i>	<i>Parents</i>	<i>Mother's M. N.</i>

## REPORT OF BOARD OF SELECTMEN

*Your Board of Selectmen submit the following report:*

### Police Department

Chief Pelletier and his force have coöperated with the Selectmen in every way. The department has not at present completed its evidence sufficient to convict the persons suspected of causing the various automobile and building fires. The Selectmen believe that the persistent efforts of Chief Pelletier will cause the arrest of the persons guilty of the crimes. The parking nuisance along Jerusalem Road has been completely abated.

The chief's system of random route night automobile patrolling has proven its necessity. Stolen automobiles have been recovered by this patrol and other law violators who travel our streets between midnight and daylight have been detained by the police and made to account for themselves and arrested if necessary.

A Public Safety Committee was appointed in Cohasset as in other cities and towns of the State. The chairman of the Board of Selectmen was made chairman of the committee. The chairman of the committee believed that such a committee was only an interference with the Police Department's duty, which department was doing most efficient work and at all times coöperating with the Board of Selectmen and any citizens who had any beneficial suggestions to offer. All our Police Department needs is the complete support of every law-abiding citizen of Cohasset. It is the duty of every citizen of Cohasset for the protection of the citizens and their property to notify the chief of any information that will assist him in proving the guilt of those committing lawless acts. Any information furnished the chief will be treated as confidential. Do your duty to the Police Department as you would have the Police Department do for you, and the lawlessness in Cohasset will soon be eliminated.

### Fire Department

Chief Martin's department is efficient in every respect. Perfect coöperation in the various companies prevails. Assistant Chief Sylvia has proven his ability as a level-headed chief officer. During Chief Martin's illness and leave of absence, Assistant Chief Sylvia rendered the department very efficient service as acting chief. Deputies Reddy, Pratt, Hunter and Kennedy, old-timers in the Fire Department, have proven Chief Martin's ability to select able men who will coöperate with him for the efficiency of his department. Each company by vote of the company chooses its captain without dictation from the chief. This method of electing the captains has met with satisfaction among the men of the companies. Any reasonable request from Chief Martin for his department should receive the indorsement of the citizens.

### Harbor Master

Captain Grassie, your Selectmen believe, is the right man for Harbor Master. His life's training as a yachtsman and his personal knowledge of the harbor and the boat owners, qualify Captain Grassie in every respect as a harbor master. Captain Grassie, we believe, will obtain from the State this year an appropriation for additional dredging in our harbor.

Recently Captain Grassie invented a new grapple for recovering lost articles in various depths of water. Just preceding Christmas this year Captain Grassie and his assistant, Captain Peterson, recovered quite a quantity of merchandise from the ocean bottom between Sheldon's Breakwater and Brush Island. The recovery of this merchandise has proven the efficiency of Captain Grassie's patent grapple. A full report of the kind and quantity of the merchandise recovered has not been submitted to the Selectmen, but no doubt Captain Grassie will furnish a detailed report at the annual Town Meeting.

### Inspection of Wires

Wire Inspector, Bert Williams, has proven to every observing citizen that he fully understands the electrical problems with which he has to cope. Not one complaint has been made to the

Board of Selectmen pertaining either to the inability or unfairness of Inspector Williams. He is alert in his duties and the citizens' interests are always protected.

The State Inspectors' office gives Inspector Williams credit for the efficient service rendered Cohasset. His salary is nominal for the duties he performs.

His attendance at fires, to be on duty to care for falling or dangerous live wires, and his repairing of the fire alarm system is almost one hundred per cent both night and day. He has proven that hours of service mean nothing to him. His almost all-night vigil of the fire alarm system and patrolling the streets with his automobile to prevent the ringing of false alarms should be appreciated by all the citizens of Cohasset.

Inspector Williams has caused to be installed over six miles of heavy copper wire for the fire alarm service. The original lines were common iron wire weakened by rust and breaking with every storm, leaving our fire alarm system almost entirely useless. Inspector Williams took advantage of the low price of copper and by so doing at a comparatively small cost has permanently installed the six miles of the fire alarm service with copper wire.

His recommendation, which was accepted by the Town for the grounding of the fire alarm boxes<sup>s</sup> has saved the Town hundreds of dollars, and safe-guarded citizens from electric shock when ringing an alarm, which might have proved fatal. Previous to the grounding of those boxes several boxes a year were destroyed by short circuits. These boxes are very expensive. By this grounding of the boxes our fire alarm system has not been impaired. His rulings with contractors as to grades of work have always been just and all rulings have been approved by the State Inspectors' department. The Board of Selectmen appreciate Inspector Williams' efficient work.

### Woodside Cemetery

The appropriation for road construction and other work at the Woodside Cemetery was expended under the supervision of the Selectmen. Roads were laid out and loam removed and sub-grade put in, making passable roads for the winter. The

acquiring of the strip of land adjoining the old entrance has made it possible to lay out a suitable main roadway to the cemetery. Your Selectmen are asking for additional money to complete the roads and walk, installing water, also setting trees and shrubs, making the cemetery an attractive and completed work. This cemetery is at the entrance of our town and the shameful neglect should no longer be tolerated.

### **Landry Hill Widening**

The ledge was removed, grade of hill lowered and retaining walls built. Owing to necessary retaining walls on the south side of the James Homestead, your Selectmen were obliged to exceed the appropriation, \$470.71. This amount was transferred by the Finance Committee from the reserve fund. The contract price received by the Selectmen for the entire cost of dirt and ledge was three dollars per cubic yard. Your Selectmen felt that the town labor should be given the dirt removal under the supervision of the Superintendent of Streets, although the cost of removal by town labor was a great deal more per yard. The money was distributed among the workmen of Cohasset. The contract price for removing the ledge was thirty-five hundred dollars. Your Selectmen decided to remove it by the yard at a contract price of five dollars per cubic yard. The contract price for the entire ledge appeared to be too high. The ledge was removed by the yard at a cost of twenty-three hundred dollars, making a saving of twelve hundred dollars on ledge removal.

The present crushed stone sidewalks are constructed two inches below grade to allow for a crushed stone tarred surface. The old travelled roadway on each end of the new widening is much narrower than the new road construction. The old road should be widened with tarred surface to present sidewalks.

### **Elm Court Lay-Out**

Land takings were made according to the vote of the Town and damages for same awarded. Ledges were removed and road bed graded and a passable road constructed for winter use. The Selectmen have recommended a sufficient amount to be raised and appropriated this year to complete this road with a

tarred crushed stone surface that will be suitable to care for the large amount of water that will flow down this road, as it is a sharp grade from the upper end to Elm Street.

### State Road

The new State Road from Hingham Harbor to Greenbush seems to be almost assured. The route that has met with the approval of the State Engineers and County Commissioners, leaves Rockland Street at Hingham Harbor just east of Kimball's Lumber Wharf, thence in rear of houses on Old Colony Hill, crossing railroad tracks westerly at Nantasket Junction, thence on the southeasterly side of railroad in rear of Edmunds homestead meeting East Street easterly of the "S" curve at Weir River, thence in rear of the Wiles and Ayers homestead in rear of ice pond and Woodside Cemetery to King Street meeting King Street between the Crocker house and Worrick's barn, thence up King Street to just beyond Sohier Street thence between Reservoir Hill and King Street Hill crossing pond just southwesterly of Percy James homestead, passing in the rear of Mr. Craft's barn, across the extreme end of his land, thence across Beechwood Street between the Kingsley homestead and Carlander barn, thence in a route in a southeasterly direction crossing the upper end of Morris's ice pond, thence to Greenbush Square. The estimated cost of this road will be nearly a million dollars. The distance is about eight miles and the entire road is through undeveloped territory. The State and counties are ready to spend the necessary money to construct this road and this proposed route meets with the approval of the State's project engineer, Mr. Pilsbury. This great project, which will relieve our now congested streets and open up this vast section of land between the Main Road through the village and King Street is being opposed by only a few persons for reasons purely selfish.

### Change in Water Rates

The Cohasset Water Company has applied to the Public Utilities Commission for the right to install meter service and change rates, this rate to go into effect January 1. Your Select-

men appeared before the Commission and asked for an extension of time before rate changes. The time for a hearing on the matter was extended until February 18. Your Selectmen have purchased and caused to be installed ten meters in families, two in the schoolhouse and one in the Town Hall. These meters are being read weekly. We feel that by this method we will be in a position to establish what the average amount of water consumed by a family will be and thereby establish a fair minimum charge for same.

Your Selectmen have a plan for work distribution for next year. We believe that the various departments employing labor should work as one unit and that the monies should be so distributed at times of the year as to do the greatest good. There are only a few instances where those asking for Town assistance are not willing to work, but if no work is to be obtained the aid must be rendered and the taxpayers by lack of coöperation in expenditures of appropriations have to be taxed for such relief. Your Selectmen believe that much for the advancement of business methods along the lines of various departments' coöperation will be accomplished during the ensuing year.

Respectfully submitted,

WILLIAM O. SOUTHER,  
HERBERT L. BROWN,  
WILLIAM H. McGAW,  
*Board of Selectmen.*

## REPORT OF THE ASSESSORS

The Assessors of the Town of Cohasset submit their report for 1930. We are pleased to report that notwithstanding a large increase in Town Grant, there was an increase in our tax rate of only one dollar (\$1). This is due to an increase in our valuation of new dwellings, also increased revenue from income tax.

To keep our tax rate anywhere near the present amount, it will be necessary to practise strict economy the coming year. We believe from what the Tax Commissioner informs us that our income tax receipts will be cut in half this year. Following are the figures from which our tax rate was obtained:

Total valuation, 1930.....	\$10,733,522.00
Total valuation, 1929.....	10,565,005.00
<hr/>	
Increase in valuation, 1930.....	\$168,517.00
Town Grant, Annual Town Meeting. ....	\$305,009.06
State tax.....	9,170.00
Highways.....	928.74
Parks, maintenance.....	237.18
Snow removal.....	144.16
Interest.....	56.09
Auditing.....	697.06
County tax.....	11,339.04
Overlay, current year.....	3,655.74
<hr/>	
	\$331,237.07

Estimated receipts, including

\$11,760 motor vehicle excise ....	\$65,187.61
Net amount raised by taxation on polls and property.....	266,049.46

---

\$331,237.07

---

Number of polls, 1,002 at \$2 . . . . .	\$2,004.00
Total valuation, \$10,733,522 at \$24.60 . . . . .	264,044.64
Fraction making tax . . . . .	.82
	<hr/>
	\$266,049.46
Moth work . . . . .	244.35
	<hr/>

Number of neat cattle assessed . . . . .	67
Number of sheep assessed . . . . .	7
Number of dwellings assessed . . . . .	970
Number of acres of land assessed, 5,113 acres, 41,060 square feet	
Number of fowl assessed . . . . .	1,510
Respectfully submitted,	

HERBERT L. BROWN,  
WILLIAM H. McGAW,  
WILLIAM O. SOUTHER, JR.,  
*Assessors.*

## REPORT OF THE BOARD OF PUBLIC WELFARE

The management at the Cohasset Home remains the same. There are four men and two women living there at the present time. Several individuals and the various organizations of the Town have done much to add to the pleasure and comfort of all concerned. The Board takes this opportunity to thank each for the interest thus shown. Owing to the lack of work this winter a larger number of calls for help than usual have come before the Board. These have been investigated and assistance rendered.

Respectfully submitted,

WILLIAM H. McGAW,  
HERBERT L. BROWN,  
WILLIAM O. SOUTHER, JR.,  
*Board of Public Welfare.*

## TREASURER'S REPORT

## REPORT OF SEALER OF WEIGHTS AND MEASURES

*The Board of Selectmen.*

*Gentlemen:* Your Sealer, in submitting his annual report, would respectfully say that the various appliances have been carefully tested and 484 have been sealed, 100 adjusted and three condemned.

Instructions and tests have been made throughout the season for the protection of both the seller and buyer and we have reason to believe that our efforts in this direction are appreciated by both.

The new motor driven gasoline pump replacing the old one operated by hand, is fast going along and many problems new for the Sealer are continually awaiting him. Each has its points of interest and is of value to any operator of a car as well as the Sealer himself.

Respectfully,

CALEB NICHOLS,  
*Sealer.*

## REPORT OF THE TREE WARDEN

*To the Citizens of Cohasset:*

There has been special care taken of the old trees, including pruning and fertilizing of same. The trees on the Town common and on all parks were fertilized; about three tons was used. Some trees on roadsides were treated, but not all; this should be continued this coming spring.

There were a number of young trees planted last spring, and as the past season was an exceptionally dry one, the trees had to be watered several times as well as those that have been planted during the past few years. I think, however, we did not lose any of them.

Each year there are a number of trees that die owing to different elements with which they have to contend. There are at the present time six large trees that I know of which should be taken down as soon as the frost is out of the ground. However with the large number of shade trees which we have on our roadsides it is only natural to expect a certain percentage of them to die.

The same conditions exist throughout the State, as you hear from different tree wardens at their convention which takes place once a year. The last convention was held in Boston on January 15 last and it is at those meetings one gets valuable information on the work required of a tree warden.

These trees which I mention are usually near buildings on the roadsides and, whereas the stumps have to be dug out it is quite expensive to remove such trees.

The special appropriation of five hundred dollars raised at a special Town Meeting for mowing bushes on roadsides was expended as specified. Bushes were mowed on Spring Street, Cushing Road, Pond Street and parts of Beechwood Street, Cedar Street and Forest Avenue where it was most needed.

The amount of three hundred dollars for clearing of trees for fire alarm was expended. Even though the amount was small,

the chief of the Fire Department, the wire inspector and others of the department think satisfactory results were obtained.

Therefore I recommend the sum of three hundred dollars be raised and appropriated for the clearing of trees for fire alarm, and two thousand seven hundred and fifty dollars be raised and appropriated for the Tree Warden Department.

I hereby heartily thank the citizens for their support and coöperation during the past year.

Respectfully submitted,

JOSEPH E. GRASSIE,  
*Tree Warden.*

## REPORT OF THE SUPERINTENDENT OF PARKS

*To the Honorable Board of Selectmen:*

Having been appointed Superintendent of Parks by your board for the past year, I herewith submit the following report on Wheelwright Park.

Mowing bushes and parking out was taken up last year where we finished in 1929, along both sides of the road which leads from North Main Street through the Park to Forest Avenue, cleaning about one hundred feet on each side of said road. This is a great protection in case of fire as well as beautifying the same. We are about half way through and the work should be carried on until Forest Avenue is reached.

During the early spring there were one thousand red pines planted on part of the ground that was cleared of brush in 1929, and I would recommend the planting of more pines in the future. The State Foresters recommend planting red pines, as the white pines are subject to the white pine weevil which has been destroying the new growth at the top of the white pine for the past few years.

Most of the stones that were in the road bed were taken out. There are some large ones left which would require the expenditure of quite a sum of money before they would be removed.

I should say here, rather than be misunderstood regarding this road, I would not recommend automobiles going through as it is nothing more than a cart path. It is very fair for people to walk through and can be used as a bridle path. The park is being used more each year. It is a great asset to the Town, particularly for those who enjoy outdoor life.

In conclusion I want to thank the citizens for the helpful suggestions which were offered during the past year.

Respectfully submitted,

JOSEPH E. GRASSIE,  
*Superintendent of Parks.*

## REPORT OF THE BOARD OF HEALTH

Since our last report Mr. Irving F. Sylvester, a member of this Board, has passed away. He served the Board faithfully for nineteen years, during the last thirteen of which he acted as Chairman. His term of office would have expired in 1932.

Dr. Frederick Hinchliffe was appointed to fill the vacancy caused by the death of Mr. Sylvester.

During the last year the Town has been fortunate in having so small a number of cases of contagious diseases.

The usual number of complaints have been received and investigated by the Board.

### Mosquito-Control Work

The campaign inaugurated in 1929 for eradication of mosquitoes in Cohasset was continued in 1930. Ditching of the salt marshes was completed and about four miles of new ditches were opened in the fresh-water areas. All ditches completed in 1929 were cleared of debris and inspected at regular intervals. Pools on the ledges along the seashore were oiled about once a month, or oftener as needed. Ponds, where oiling or draining was impractical, were stocked with fish. Instruction cards outlining ways for preventing the breeding of mosquitoes were delivered at all houses by the Boy Scouts and in some cases by the men engaged on the mosquito work.

All important mosquito breeding places throughout the Town have now received careful attention except those fresh-water swamps which are rather remote from any substantial number of dwellings. These swamps include the wooded sections south and west of Lily Pond, the areas near the Golf Club, the woods south of the railroad between North Cohasset and Black Rock stations and a section near the Scituate line in the vicinity of Bound Brook. A study of these areas should be made in 1931.

Opinion may differ as to the relief already obtained from the

rather permanent work so far accomplished. During the early part of the summer most sections of the Town enjoyed a rather surprising freedom from mosquitoes. Later, for a period of two to three weeks, conditions in some localities seemed to be as bad as ever, perhaps by contrast. It should be remembered, however, that the Town of Scituate, which spent \$5,000 in 1929 largely for oiling, did nothing in 1930 and that the salt-marsh mosquito, which often flies far and wide and without regard for Town limits, bred in great numbers outside Cohasset during the long hot spell of midsummer and was frequently blown into our midst on strong winds.

From numerous tests made during the past season we think it fair to assume that relatively few troublesome mosquitoes were breeding in Cohasset in 1930 and that this favorable condition may be expected to continue, provided there is proper annual maintenance of work already done (the cost of which should not exceed \$1,000 a year) and provided householders follow the simple instructions which have been issued. As stated in our report a year ago, however, "we cannot look for maximum results until all nearby towns undertake similar work and coördinate their activities in a common project under State supervision." The outlook for such coördination is more encouraging than ever, and a bill is now pending in the Massachusetts Legislature to establish a South Shore Mosquito Control Project.

During 1930 the Town spent about \$3,750 on mosquito work, of which \$2,500 was raised in 1929 by private subscription. Regardless of what other towns may do, we believe that the benefit of this work to Cohasset has now been demonstrated and that it should continue. We accordingly recommend that the sum of \$2,500 be raised and appropriated for this purpose at the Annual Town Meeting.

In the last two years about 60,450 linear feet of ditches, old and new, have been opened, or a total of more than 11 miles of ditches in Cohasset. This work was divided as follows:

<i>Locality</i>	<i>Approximate Linear Feet</i>
Mohawk Section, Beach Street.....	2,500
Yacht Club and White Head.....	2,549
Treat's Pond Section .....	4,600
James Brook (Elm Street side back of library)....	2,716
James Brook (South Main Street side from back of library to railroad track and water company property) .....	7,563
James Brook (Smith Place to Sohier Street and Smith Pond) .....	7,500
Summer Street to Tree Top Road.....	2,742
Brook from Border Street to Bailey's Creek.....	808
Tree Top Road to Gulf River.....	1,237
Black Horse Lane toward South Main Street....	3,194
Tree Top Road to property of H. K. Bartow....	1,302
Along Gulf River from Bartow property to prop- erty of Mrs. Plant.....	4,999
Along Gulf River from Plant property to property of Mr. Pegram.....	2,550
Along Gulf River from Pegram property to Scituate line.....	1,875
Eustis and Grassie property along railroad track. .	2,125
Marsh along Bailey's Creek to Scituate line. ....	3,640
Lily Pond northerly across Pond Street.....	4,150
Sohier Street toward Bird Sanctuary Pond.....	1,800
Beechwood Street to Bound Brook.....	2,600
Total linear feet.....	60,450

The purchase by the Town of land on Doane Street for the purpose of a Town Dump has proved very fortunate and has settled a very unsatisfactory condition that has existed in the Town for a number of years.

After requests from a number of citizens of the Town, this Board has gone into the problem of the collection of garbage and rubbish throughout the Town and the disposing of the same.

In the warrant at the next annual Town Meeting we are

inserting two articles on this question, on which the citizens of the Town may vote.

Under one article it is proposed that the Town collect the garbage and rubbish from all the houses in Town, three times a week during the summer and twice a week during the winter months. This article calls for an appropriation of \$10,000.

If the article on the collection of garbage and rubbish is passed by the voters, our problem would then be, the disposal of the garbage and rubbish after collection.

To care for this problem we have inserted another article to see if the Town will vote to buy an incinerator, this incinerator to be located on Town property on Doane Street, now used as a Town Dump.

Every year both the permanent and summer residents of Cohasset complain to this Board and criticize the careless methods used in the private collection and disposal of garbage and rubbish. This Board strongly recommends the passing of both these articles.

Respectfully submitted,

EDWARD L. HIGGINS, *Chairman*,  
ABRAHAM S. ENOS, *Secretary*,  
FREDERICK HINCHLIFFE, M.D.,  
*Board of Health.*

## REPORT OF THE INSPECTOR OF MILK

*To the Honorable Board of Health.*

*Gentlemen:* During the year I have made several examinations of the dairies and the cattle which supply milk for local consumption and have found them generally in good condition.

Samples of milk have been taken from peddlers and stores and taken to the laboratory of George E. Bolling in Brockton for examination.

Of the twenty-nine samples submitted all were up to the legal State standard for solids and fats and the following bacteria counts were found, *viz.*:

				<i>Samples</i>
Below	5,000	per cubic centimeter	.....	2
Above	5,000	but below	10,000 cubic centimeter	3
Above	10,000	but below	15,000 cubic centimeter	7
Above	15,000	but below	20,000 cubic centimeter	4
Above	20,000	but below	30,000 cubic centimeter	5
Above	40,000	but below	50,000 cubic centimeter	3
Above	100,000	but below	150,000 cubic centimeter	3
Above	200,000	but below	220,000 cubic centimeter	1
Above	800,000	but below	900,000 cubic centimeter	1
				<hr/> 29

Tuberculin testing under State and Federal supervision of all cattle in Massachusetts is fast taking place and it is to be hoped that the milk consumers of Cohasset will demand that we join the movement at an early date.

The following amounts were collected by me and paid to the Town Treasurer.

For 2 oleomargerine licenses	\$1.00
For 14 milk licenses	7.00
	<hr/> \$8.00

Respectfully submitted,

DARIUS W. GILBERT,  
*Inspector of Milk.*

## REPORT OF HARBOR MASTERS

*To the Honorable Board of Selectmen:*

Your Harbor Masters beg to make the following report:

The condition of the runways and floats at the various Town landings is still one that will need a considerable expenditure of money this year. It will be necessary to renew several of the main timbers under these floats, as well as renew all barrels used to buoy them up. The supporting posts and the runway of the landing on Margin Street are so far gone that they will have to be spliced, and the hand rails entirely renewed.

The mooring chains at this landing will also have to be renewed. Although this landing should all be renewed, we feel that the repairs we are contemplating will make this float stage servicable for a few years to come. There are many other repairs and expenditures needed in the harbor more important than this.

It is imperative that a great deal of dredging be done this year. We have called the attention of the Town to this necessity for the past two years and again we wish to remind you that if we are to maintain a proper harbor and anchorage for the large number of boats owned in Cohasset, as well as of our visitors, which are becoming very numerous, we will be obliged to appropriate a sufficient sum of money to redredge and properly provide for the care of all boats, both fishermen and yachtsmen, using our harbor.

The retaining wall at the Town landing will require some repairs this year. We were able last year to make some repairs to this wall out of the regular appropriation.

We appreciate the coöperation and good-will manifested by the fishermen and yachtsmen of the Town of Cohasset in their relations with us this year, and take this opportunity to thank all those with whom we came in contact.

Respectfully submitted,

JOHN J. GRASSIE,  
*Harbor Master.*

JOSEPH S. ENOS,  
*Assistant Harbor Master.*

## REPORT OF COHASSET FIRE DEPARTMENT

*To the Honorable Board of Selectmen.*

*Gentlemen:* As Chief of the Fire Department, I submit the following report. The calls of the department have been doubled over the previous year, although the loss has been very much less in proportion. During the past year the department responded to sixty-two calls: forty-three bell alarms and nineteen still alarms.

Houses.....	8	Out of Town (Scituate)...	2
Garages.....	8	Hen houses.....	2
Automobiles.....	10	Carpenter shop.....	1
Barns.....	3	Tool house.....	1
Chimneys.....	6	Stable.....	1
False.....	1	Pumping Station House..	1
Stoves.....	2	Oil stove.....	1
Wood and grass.....	10	Out Building.....	1
Ice Houses.....	2	Dump.....	2
	—		—
	50		12

Engine 1 responded to forty-six alarms; Engine 2 to thirteen alarms; Engine 3 to nineteen alarms; Ladder 1 to thirty-eight alarms; and the forest truck to forty-three alarms. I wish to say in regard to this last-named truck that it is the most valuable piece of apparatus we have in the department.

### Equipment

Five hundred feet of 2½-inch hose was purchased to replace hose damaged at fires and to keep at a minimum the required number of feet as recommended by the underwriters.

### Fire Alarm

The Fire Alarm is in perfect condition and has cost less to maintain this year than in former years. It is planned to wire

from Depot Corner to Highland Avenue and Beach Street for the installation of two more fire boxes for the protection of property on those two streets. Box 31 is the only one to cover those localities and is very indefinite to the Fire Department as to the exact location of the fire.

### Apparatus

The trucks are in first-class condition and the equipment up to standard.

### Out-of-Town Calls

This department has been called on for help out of Town many times. We have received letters of praise and thanks for our assistance, and I want to say that the trucks, equipment, and personnel of the Fire Department are a credit to our Town.

### Inspection

The business section of the Town is inspected weekly and in the summer time oftener. As a rule the merchant readily coöperates with the department in regard to public safety. Citizens are earnestly requested to visit our stations and view the apparatus and equipment, in which they are part owners, for the suppression of fires and protection of life.

We wish to thank the Honorable Board of Selectmen for their hearty coöperation and deep interest in the department. We also deeply thank Chief Pelletier and his department for their coöperation and assistance in fires, as they are invariably the first at a fire from a bell alarm, as there is a tapper in the Police Station; and to all others that have volunteered their services or assisted the department in any way, and *especially* to the members of this department for the efficient and able manner in which they have performed their duty.

Respectfully submitted,

FRANK F. MARTIN, JR.  
*Chief.*

## REPORT OF FOREST WARDEN

*To the Honorable Board of Selectmen.*

*Gentlemen:* My report as Forest Warden is as follows. The burning along the highway has been continued and has obviated fire hazards as much as possible, but the increasing calls for burning private property, such as dumps, grass, etc., are greater than the department can handle; the reason being, only one piece of apparatus to do it, and also answer the calls coming in for wood or grass fires. If we are to continue the burning of private property, and there can be no question that we should, the Town needs another forest truck.

While burning in different parts of the Town, if a call comes for fire, that burning has to be put out before we answer the call. Many times a fire has gotten a good start on account of the truck not being in the station to answer an immediate call, so we should have one truck to answer forest calls and another for burning around the Town. The past year was a record one for dryness, and for several weeks our woods were burning day and night. It was necessary to call upon the State for help as our equipment was not able to handle it.

I want to thank the citizens for their help and coöperation with this department, and my earnest request is that you do not pull a box for a wood or grass fire, but telephone for our forest truck, as our large fire trucks are helpless in the woods as they do not carry water.

Respectfully submitted,

FRANK F. MARTIN, JR.,  
*Forest Warden.*

## REPORT OF THE WIRE INSPECTOR AND SUPERINTENDENT OF FIRE ALARM

*To the Honorable Board of Selectmen and to the Chief of the Fire Department.*

*Gentlemen:* I hereby submit my report as Wire Inspector and Superintendent of Fire Alarm of the Town of Cohasset.

During the past year the usual careful inspections have been made of all the electrical jobs done in the Town. The old wiring in several residences was either wholly or partly condemned and replaced by new wiring on my recommendation.

The Electric Light and Power Company have replaced old poles and added new wiring whenever recommendations were made to them.

The grounding of the fire alarm boxes last year has proved a great success, as in other years when several boxes would be burned out by lightning, during the past year none of these alarm boxes were affected, making the cost of upkeep a great deal less than in other years. Three new alarm boxes are to be added to the fire alarm system during 1931.

I would recommend that the lighting arrangement on the stage of Town Hall be changed and made over into a switching system, as the present system is impracticable and confusing.

In closing, I wish to express my appreciation to the Board of Selectmen, the Chief of the Fire Department, the Electric Light and Power Company, and all electrical contractors for their coöperation.

Respectfully submitted,

HERBERT WILLIAMS,  
*Wire Inspector and Superintendent of Fire Alarm.*

## REPORT OF THE COHASSET POLICE DEPARTMENT

*To the Honorable Board of Selectmen.*

*Gentlemen:* I herewith submit my report for the Police Department of the Town of Cohasset, for the year ending December 31, 1930.

### ORGANIZATION OF THE FORCE DECEMBER 31, 1930

Chief.....	1
Sergeant.....	1
Day Officer.....	1
Night Officers.....	3
Relief Officer.....	1
Special Officers.....	10

### Official Roster of the Department

*Chief of Police,* Hector J. Pelletier  
*Sergeant,* Frank Jason

#### Patrolmen

John Fleming	James J. Sullivan
Benjamin F. Curley	John J. Rooney
Earl R. McArthur	

#### Special Officers

John T. Keating	Spencer H. Stoughton
Henry B. Kennedy	John J. Oliver
Frederick W. Sullivan	Ralph S. Enos
Royal A. Bates	John J. Ferreira
Edward B. Mathewson	Frank E. Jason

Accidents investigated, 51.

Buildings found open and locked by police or owner, 40.

Cars stopped and checked for license and registration, 697

Cars stopped for automobile violations and warned, 205.

Complaints investigated, 1,973.

Cruelty to animal cases investigated, 2.

Dogs killed, 20.

Duty calls from boxes (by officers), 2,976.

Fatal accident, 1.

Fire alarms answered, 46.

Gas leaks reported, 1.

Insane and sick taken to hospital, 16.

Inquest, 1.

Licenses suspended, 26.

Mileage of motorcycle, 8,078.

Mileage of police car, 17,728.

Motorists assisted, 178.

Restitution made, \$75.

Special attention requested by owners of unoccupied houses, 7.

Stolen automobiles recovered, 6.

Stolen property recovered by department valued at \$6,685.

Street lights reported out, 132.

Summer homes inspected weekly (winter months), 137.

Summonses served for other police departments, 79.

Total fines, \$2,022.

### **Crime**

During the year the Town has been free from serious crimes or disturbances. The increase in the number of arrests is due to the fact that the people of the Town have coöperated with this department in reporting violations of the law and assisted the police in several investigations. The results of this coöperation is seen, by our report showing that property valued at six thousand dollars has been restored to its owners.

### **Equipment**

A later model car was purchased to patrol the Town and has rendered splendid service. The office upstairs was painted by the men of the department during the year. A day and a night officer was assigned to the motorcycle, which was used daily except when weather conditions made it impossible. It is now beginning to show wear.

### **Traffic**

Traffic during the past summer was the heaviest in the history of the Town. I am pleased to report that fewer accidents occurred this year than in past years, due to the fact that your Honorable Board, the parents, and teachers have coöperated in instructing the children in safety. The through-way law adopted by the Town has helped in the prevention of accidents. The number of accidents at intersections was only four during the past year and none of them were serious. Dangerous conditions at the Cove were eliminated by the removal of the beacon from the corner of Forest Avenue and North Main Street to that location.

### **Recommendation**

I recommend the installing of two warning signals at Whitney Crossing to protect the public at this dangerous crossing. I also recommend that a toilet and a wash bowl be installed in the first aid room. This room is sometimes used as a detention room for female prisoners.

### Conclusion

May I at this time express my appreciation to your Honorable Board and all the people of the Town of Cohasset for their hearty coöperation and assure your Board and the people of Cohasset that the Police Department appreciate this coöperation and will constantly do their utmost to protect the people of Cohasset and their property.

Respectfully submitted,

HECTOR J. PELLETIER,  
*Chief of Police.*

## REPORT OF MOTH SUPERINTENDENT

*To the Honorable Board of Selectmen:*

Having been appointed by your board as Moth Superintendent I herewith submit the following report.

Practically the same methods were pursued as in former years, the creosoting of gypsy egg clusters and the cutting of brown-tail moth webs during the winter and early spring. The residential sections of the Town are quite free of these insect pests as compared with a few years ago. However there are some bad colonies in the woodland areas which we discover from time to time, and these are treated in the usual way by creosoting and spraying.

At a joint meeting of local moth superintendents and State officials held in Boston on January 15 last, the State Commissioner of Conservation, Mr. William Baisley, instructed all moth superintendents to scout as much woodland as possible for the purpose of keeping such colonies from spreading to the residential sections of cities and towns.

Spraying was started in early spring, as the tent caterpillars appear just as soon as it gets warm and the trees start to bud; after which we started spraying for gypsy moths as they do not hatch as early as the tent caterpillars.

The foliage grows so rapidly when it once gets started that there is no poison on the new growth for the gypsies, therefore, we have to spray again in order to get poison on the new foliage when the gypsies start feeding, in order to kill them.

There is one other time that the roadsides and residential sections must be gone over to some extent, and that is when the web worm appears during late summer. These are very difficult to combat, as you have to climb trees and cut the web off in order to get rid of them. This is a very expensive operation.

The elm beetle appeared last season to some extent. They were the first I have noticed for quite a few years. They are taken care of usually when we are spraying for gypsy moths.

Again I recommend all wild cherry trees be cut down as they are regular breeding places for these insect pests, also willow trees, whenever possible, as they are very attractive to the web worm.

As the laboring men did not get a normal amount of work last summer they did not get a chance to save any money to carry them over this winter as they usually did, which makes it very difficult for them to get along this winter. Even though we are employing a large number of men at the present time in this department we can not give all steady employment. However by giving them each a few days a week, as far as the allotment to this department allows, it helps matters greatly. The work we are doing at the present time consists of creosoting gypsy egg clusters, cutting brown tail moth webs and mowing bushes on roadsides, all of which can be done to good advantage; and as the end of the unemployment situation is not yet in sight, I therefore recommend the sum of sixty-five hundred dollars be raised and appropriated at our annual Town Meeting next March for the Moth Department. This is an increase of one thousand dollars over last year, of which about five hundred dollars will be reimbursed to the Town from private liability, under the moth law of the State.

I am taking this opportunity to thank all citizens for their help and coöperation in this department.

Respectfully submitted,

JOSEPH E. GRASSIE,  
*Moth Superintendent.*

## REPORT OF HIGHWAY SURVEYOR

*To the Citizens of Cohasset:*

My report as Highway Surveyor is respectfully submitted. My activities cover the period from March 3 to December 31, there being \$21,097.19 left for use upon the highways out of the total appropriation of \$28,273 for Highways, General; \$7,879.99 out of the \$8,500 for tar; and \$555.31 out of the \$6,000 for removing snow and sanding streets. In view of the excessive amount of work necessary, I have in most instances made expenditures at points where travel upon the roads was unsafe, or where the roads were deteriorating the most rapidly.

One thousand dollars taken from the reserve fund this summer assisted in the tarring. Your special appropriation of \$4,000 this fall made possible some much needed patching, the cleaning of catch basins and drains, and a little graveling.

### Improvements at Dangerous Points

Early in April, on the most traveled streets, the gutters were cleaned and the edges cut back to give width for passing. Along parts of King Street, Forest Avenue, and Jerusalem Road, fully two hundred loads of this gutter material were carted short distances and used to fill low places along the side of the road. Other streets so cared for were Beechwood, Church, part of Doane, Pond, and part of Atlantic Avenue.

Near Mr. Reed's residence on the corner of Beechwood and King Streets the road was widened eight feet, by filling off the side of the old underpass with four feet of stone covered with gravel. A rough wall was laid to hold the side. This was a very inexpensive project as Mr. L. C. Pratt gave the stone, about ninety loads, and it was a short haul with the tractor.

Doane Street was widened, regaveled, reshaped, and rolled from Mr. Pasquale Feola's residence to the Cohasset dump, with the exception of two short stretches already in good condition. It has also been dragged into shape four times since spring.

Doane Street is much traveled during the summer months especially since the Town dump was located there. I would recommend that it be made a permanent road by graveling to the Hingham line and by applying two coats of tar.

On Atlantic Avenue, near Cunningham's Bridge, a section of wall which supported the road was ready to give way. It was relaid in cement at the time that this section of road was resurfaced.

### **Elimination of Worst Sections of Road**

The lower end of Jerusalem Road, from West's Corner to the Black Rock House, with the exception of about five hundred feet, was scarified with the steam roller, bladed over, and then reshaped with a heavy road scraper and rolled. A coat of Tarvia B was applied, covered with gravel, and rolled, followed in a few days by a coat of Tarvia Retread and more gravel, and rolled.

A section of Atlantic Avenue between the bathhouse and Cunningham's Bridge and a piece near Mrs. Kincaide's, a mile and a quarter in all, was resurfaced in the same way. Resurfacing is the cheapest method of getting smoother and better graded thoroughfares.

On Atlantic Avenue and Margin Street, between Mr. Dudley Dean's residence and Mr. Salvador's Lobster Shop, a rough piece of road was improved by thorough patching. Then Tarvia Retread was applied using gravel instead of sand, which was dragged and rolled. Tarvia Retread was applied in the same way on Border Street.

### **Preservative Measures. Painting Guard Rails**

Four hundred and ninety-eight dollars and eighty-four cents was spent for paint to cover most of the fences about Town. Others in very bad condition were repaired and painted. A few fences still need repairing and painting.

The top of Cunningham's Bridge was painted. I recommend that it be scraped and painted underneath to protect it against rusting away.

### Drainage

All the catch basins through the Town have been opened twice since March and the gutters through the center of Town have been cleaned twice. On Pleasant Street part of the pipe line was flushed out. Two catch basins and one hundred and twenty feet of pipe near the Cohasset Hospital were also opened up with the hose. Three catch basins on Jerusalem Road and one on Margin Street have been rebuilt. Four new ones were built. On Forest Avenue three open ditches were dug to carry off water which drained into the street, causing much damage to the surface of the road. On Cedar Street, near Hull Street, sixty-five feet of six-inch pipe was laid for the same purpose.

### Patching

Patching has been a great expense to the Town this year. The early thaws of last February were especially harmful where the roads were poorly drained, or the surfaces worn thin because of insufficient and infrequent tarring. In March all the streets in Town were patched as thoroughly as possible. Last summer they were patched a second time to take care of the new holes that kept appearing. This fall the streets that had not been tarred were patched again.

On Jerusalem Road, in front of Mr. Davidson's residence, a foot and a half on either side of the street was restored with number one crushed stone, penetrated by hot Tarvia.

The Gas Company, who, as you know, put in numerous ditches in 1929, paid the Town for some patching that was done in those places this year. They have further coöperated by notifying the Town before digging a ditch and by repairing the same afterwards.

### Graveling

Cedar Street was reshaped and graveled from Hull Street half way to the golf links. Two bad places on Red Gate Lane were graveled. Out of the special appropriation this fall, the hill on Joy Place was graveled, the entrance to the parking space, and the short street in front of the Central Fire Station.

### **Tarring**

Tarring is a vitally important measure for the protection of the surfaces of the roads, and if done frequently, saves a big current expense in patching. Due to neglect in previous years far more tarring was necessary than your appropriations made possible. I have endeavored to cover the more traveled roads. Small streets which needed tar badly, I have tried to keep patched.

Barrett's Tarvia Retread, a heavier product than the regular Tarvia B, was applied to the following streets: Jerusalem Road; Atlantic Avenue; Nichols Road; Beech Street; Margin Street, except from Crane's Corner to the Yacht Club; Border Street; Elm Street; Summer Street; Beechwood Street, except a half mile from Reed's Corner to Cyrus Bates and a short piece beyond Joseph Whitcomb's residence; Church Street; Doane Street from the common to the square near the fire house; and King Street.

### **Lambert's Lane**

On Lambert's Lane \$945.58 was expended in putting in a macadam road between the two hills. The rest of the street was graveled where necessary and patched.

### **Equipment**

Both tractors and the plow are in good condition for winter work. The old tractor was repaired and painted at home and the plow rebuilt. It was necessary to have the newer tractor repaired by the Boston Service Station of the P. I. Perkins Company.

Both rollers have been repaired extensively this year and have proved very useful. The Highway Department needs a heavy road scraper. It has been necessary to hire and to borrow this year, as the Town scrapers are not large enough for some types of work.

Our department also owns only a few lengths of hose, passed on after being condemned by the Fire Department. This fall we were fortunate in being able to borrow from Scituate. I would recommend that money be raised for the purchase of a hose to be used in flushing drains.

ERNEST ROBERT MEALY,  
*Highway Surveyor.*

## REPORT OF THE DIRECTORS OF THE PAUL PRATT MEMORIAL LIBRARY

The Directors, presenting herewith their annual report for the year ending December 31, 1930, are pleased to note an increase in circulation of library books of nearly four thousand. The gain as tabulated in the Librarian's report shows in the Main Library, when compared with the year previous, an increase in juvenile borrowing fifty per cent greater than the increase in adult borrowing.

This seems to indicate that the young people are making good use of the Library, due in a great measure to the effective coöperation of the public schools and the Library, as described in the report of the Librarian.

A change in the administration of the Library has been caused by the resignation of Mrs. Roland D. Earle as assistant librarian, after two years of valuable and efficient service, and Miss Charlotte S. Tower has been elected as assistant in her place. Miss Tower was formerly an assistant in this Library and brings to the position added experience and a familiarity with the work.

The number of volumes in the Library is increasing each year and additional room for books has been gained by putting in shelves in the lower tier of stacks.

Subjoined are the reports of the Treasurer and Librarian giving details of maintenance and operation of the Library.

Respectfully submitted,

GEORGE W. COLLIER, *President*,  
FRED V. STANLEY, *Treasurer*,

Cohasset, January 16, 1931.

REPORT OF THE LIBRARIAN OF THE PAUL PRATT  
MEMORIAL LIBRARY FOR THE YEAR ENDING  
DECEMBER 31, 1930

*To the Board of Directors:*

I herewith submit my report for the year ending December 31, 1930. This year we have observed the Tercentenary of the Massachusetts Bay Colony by furnishing, on request from that committee, a list of important events in the history of Cohasset. Historic maps have been on exhibition, together with a bookcase containing books of historic interest. "Guides to historic places," printed by the Historical Society, were distributed during the summer months.

The work of remarking books and catalogue cards with the Dewey decimal numbers is progressing, two thousand, two hundred twenty-eight having been completed this year. Literature and Travel have been finished, and we are working now on History.

Miss Eleanor Dakin of Simmons College observed and practiced in our library for two weeks, in preparation for her library course in the fall.

Three large packages of books were collected and sent to the American Merchant Marine Library Association.

Library Book Week was observed with an attractive display of children's new books, and four different lists for distribution. During the week a story hour was conducted by Mrs. Roland D. Earle.

Christmas stories were told the Saturday before the holiday. Reading lists were sent to the schools, from the second grade through the sixth. The fifth and seventh grades have been reading from the state lists. Twelve scholars from the fifth grade and fifteen from the seventh have read and reported on five or more of these books and received state certificates. Honor certificates will be presented later in the year to those who report on twenty books, five of which must be non-fiction.

Books not found in our Library have been borrowed from the Boston Public Library and from the State. I have attended the meetings of children's librarians at the Boston Public Library and the Massachusetts Library Club meetings in Boston and Swampscott.

The Library gratefully acknowledges gifts of books from the following persons: Miss Helen E. Courtney, Miss Mary S. Dunn, Mrs. O. R. Jackson, Mr. D. Bruce McLean, Miss Louise C. Richardson, Mr. E. H. Simmons, Mrs. T. W. Thacher, Miss Charlotte S. Tower, Mr. Edward H. Tower, Mrs. Richard Ware.

ANNUAL REPORT  
OF THE  
SCHOOL COMMITTEE  
OF THE  
TOWN OF COHASSET  
MASSACHUSETTS

For the Year Ending December 31, 1930

## SCHOOL COMMITTEE

John Bates.....	Term expires 1931
Sargent Tower.....	Term expires 1931
Barbara W. Churchill.....	Term expires 1932
Malcolm Stevens.....	Term expires 1932
Helen A. Scripture.....	Term expires 1933
Robert James.....	Term expires 1933

### Organization

John Bates.....	Chairman of Committee
Orvis K. Collins.....	Secretary
Helen A. Scripture.....	Treasurer
Edward L. Stevens.....	Financial Secretary

### Committee on Buildings

Mr. Bates, Mr. Stevens, Mr. Tower, Mr. James.

### Committee on Hygiene and School Lunch

Mrs. Scripture and Mrs. Churchill.

### Regular Meetings of Committee

First Monday of each month at 7.45 p.m.

### Superintendent of Schools

Orvis K. Collins, Cohasset 0540, 0290, and Hingham 0561, 1003

### School Physician

Dr. Oliver H. Howe, Cohasset 0014.

### School Nurse

Ruth M. Ross, Cohasset 0372 and 102-M.

### Supervisor of Attendance

Hector J. Pelletier, Cohasset 0372 and 0060.

**School Dentist**

Dr. W. M. Ross, Cohasset 0386-W.

**Janitor of Osgood School**

Louis Mulvey, Cohasset 0290 and 0182-R.

**Janitor of Ripley Road School**

Thomas A. Stevens, Cohasset 0540 and 0469-W.

**Janitor of Beechwood School**

Fred Fuller, Cohasset 0487-W.

## TEACHING STAFF, 1930-1931

Osgood School		<i>Year Elected</i>
James W. Doyle, Principal, history	Boston University	1921
William Ripley, Jr., science, mathematics	Brown University	1926
Marion C. Chandler, French, mathematics	Mt. Holyoke College	1910
Hazel F. James, English	Boston University	1928
Florence Reed, Latin, English	University of New Hampshire	1929
Ruth G. Bruce, commercial	Plymouth Normal	1929
Martha P. Bates, history, geography	*Boston University	1880
Eva M. Burbine, language	Truro Normal	193
Mary Terry, arithmetic	Bridgewater Normal	1925

## Special Teachers

Max H. Meyer, Manual Training	*Columbia University	1918
Florence E. Kraus, Drawing	Penn. State Normal	1914
Helen C. Welch, domestic science	Framingham Normal	1919
Winifred Brooks, physical education	Sargent School	1926
Frederick A. Taylor, music	Northampton School of Music Pedagogy	1924

## Ripley Road School

Helen L. Brown, principal	Bridgewater Normal	1921
Dorris Anderson, grade 6	Gorham Normal	1926
Louanna D. Kenneally, grade 6	Hyannis Normal	1929
Thelma Nichols, grade 5	Keene Normal	1928
Gwendolyn Cleverly, grade 5	Bridgewater Normal	1930
Grace E. Jason, grade 4	Hyannis Normal	1928
Evangeline DeLorme, grade 4	Lowell Normal	1929
Elaine G. Wing, grade 3	Toronto Normal	1916
Marion Brown, grades 2-3	Bridgewater Normal	1930
Elinor W. Kennedy, grade 2	Wheelock Normal	1924
Sara E. Fox, grade 1	*Hyannis and Castine Normal	1883
Florence Knutson, grade 1	Wheelock Normal	1927
Kathleen McMahon, kindergarten	Perry Normal	1915

## Beechwood School

Ruperta A. Skelton, kindergarten, grades 1-2	Westfield Normal	1928
---	------------------	------

\* Not a graduate.

## REPORT OF THE SCHOOL COMMITTEE

The School Committee submits the following report for the year 1930. Included with it are the reports of the Superintendent, Principals and special teachers. We especially call your attention to our financial statement and budget for this year. This explains in detail the expenditures as planned for 1931.

### Osgood School

This building required only minor repairs and with the exception of the heaters is in excellent condition. The heaters must be replaced within the next three years.

### Ripley Road School (old)

All exterior trimmings given one coat of paint. Vacuum system installed in the heating plant. We would suggest that the grounds at this school be improved by filling. While this is not necessary immediately, it would be well to have it in mind in case a favorable opportunity presents itself in the future.

### Manual Training Building

The exterior was given two coats of paint.

### Transportation

We are operating three busses, each making three trips morning and afternoon, carrying approximately three hundred pupils. Our school enrollment is about six hundred and fifty pupils. The big bus is owned and operated by the Town. The driver assists the janitor during the day. The other two busses are operated under contract.

Addition to the Ripley Road School was completed and ready for occupancy September 1, 1930 at a cost of \$45,400. Acting under resolution passed at Town Meeting, March 1930, we have painted the aviation sign on the roof of Ripley Road School.

Your Committee has gone very thoroughly into the personnel of the school staff and we wish to emphasize the absolute confidence which we have in Mr. Collins. The present organization with Mr. Collins as superintendent, Mr. Doyle and Miss Brown as principals, is in our opinion, second to none. We urgently request all parents to give us their full coöperation, for without this it will be impossible for us to produce the desired results.

Respectfully submitted,

COHASSET SCHOOL COMMITTEE.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

*To the School Committee and Citizens of Cohasset:*

I herewith submit to your Committee and through you to the citizens of Cohasset the annual report of the Superintendent of Schools. Included in it are the reports of the principals and the special teachers. In my report last year I emphasized that even with the new Ripley Road School in use with its eight classrooms, there was need of three or four additional classrooms in order that the use of unsatisfactory rooms at the Osgood School might be discontinued. To bring this about I recommended that the Ripley Road School be enlarged to care for the fifth and sixth grades and the Osgood School be used for a straight junior-senior high school. I suggested that a six-room addition be built which would care for future growth for some years, though it would not be necessary to use all the rooms at present.

The Town is to be commended for its immediate response. The six rooms were built and equipped for less than the estimate, and were ready for occupancy in September.

The classrooms are most attractive, well-lighted, well-ventilated, and properly heated. The furniture is the single pedestal type with adjustable swivel seats, the latest thing in hygienic seating. The rooms were designed to seat thirty-five pupils only, and thirty-five seats completely fill the rooms so that there is no danger of future crowding. The items making up the cost of the building were as follows:

General contract.....	\$30,412.65
Special roofing.....	19.96
Heating and plumbing.....	7,939.23
Furniture.....	2,861.78
Grading.....	776.75
Aviation Sign.....	125.00

Insurance and Bonds.....	\$832.20
Architect.....	2,282.26
	<hr/>
	\$45,340.16
Unexpended balance.....	4,659.84
	<hr/>
Appropriation.....	\$50,000.00

We are now using two of the new rooms for the fourth grade, two for the fifth, and two for the sixth. There are two vacant rooms in the main building at present. One of these is used for the drawing classes and as a lunchroom and the principal uses the other for a classroom for special groups who need assistance.

At the Osgood School four of the classrooms on the first floor are used for the seventh and eighth grades, one for drawing, and the other has been converted into a very good science room. The laboratory furniture was moved from the small third floor room, reconditioned, and set up in this room. Not only does the new room serve as a laboratory, but it is sufficient in size for Mr. Ripley's mathematics classes, so that he is able to have all his classes in this room. Except for physical education and music classes, there is no school work now done on the third floor.

### Resignations and Elections

In June Miss Knowles, teacher of a fourth-grade room, resigned to accept a position in Connecticut. Miss Jason who had been teaching the second-third grade room was transferred to the fourth grade vacancy. Miss Freida Anderson, a teacher of experience was elected to take the place vacated by Miss Jason, but was compelled to resign in October because of ill health. Miss Marion Brown, a graduate of Framingham Normal School, who had been teaching in Rhode Island, was elected to this position. Miss DeLorme, teacher of the special classes last year, was placed in the other fourth grade. Miss Gwendolyn Cleverly, a graduate of the four years' course at Bridgewater Normal School, with previous experience in Plympton, was elected to the fifth grade position.

### Lower School Organization

Because of the increased enrollment in the lower school it seemed best to the Committee to relieve the principal of a home room so that she could devote more time to administrative duties. This arrangement gives her time to assist in the work of the room having two grades and also to make a special study of pupils having difficulties.

Considerable time the past term has been spent in group activities. Frequent assemblies are held to which the parents have come in large numbers. Their coöperation is very evident and is much appreciated by the teachers.

### Transportation

The transfer of the fifth and sixth grades from the Osgood to the Ripley Road School necessitated a change in the transportation routes. The addition to the school also made necessary assistance in janitor service. After considering the various ways of meeting the situation the Committee decided to purchase the chassis carrying the large bus body and hire a driver who would also do some of the janitor work in the building.

The comparative cost of the two systems follows:

	<i>Two Small Busses</i>	<i>Large Town-Owned Bus</i>
Contract for 1930-1931.....	\$3,287	
General repairs.....	300	\$300
Depreciation.....	100	200
Insurance.....		150
Gas and oil.....		175
Storage.....		84
Salary of driver.....		700
	<hr/>	<hr/>
	\$3,687	\$1,609

Each bus is making one trip to the Osgood School and two trips to the Ripley Road School. They are carrying large loads, though no bus is overloaded in weight. The bus taking on the

small children at Summer and Elm Streets, and the bus carrying the small children from North Main Street each have about forty passengers for a distance of less than a mile, but these are very small children. It will soon be necessary to replace one of the small busses with one of greater capacity.

### Conclusion

Our schools today are pleasant places. Children are happy and contented in their work. Classrooms are relieved of that rigid discipline that once prevailed. Children are taught to establish right practices of thinking, feeling, and doing, and a sense of responsibility is developed even in the lowest grade.

In conclusion I wish to express to the Committee, the parents, the teachers, and to the pupils in the schools my appreciation of the spirit of coöperation that is shown by all.

Respectfully submitted,

O. K. COLLINS,  
*Superintendent of Schools.*

December 31, 1930.

## REPORT OF THE PRINCIPAL OF THE OSGOOD SCHOOL

*Mr. O. K. Collins,  
Superintendent of Schools*

*Dear Sir:* Since September the Osgood School's pupil population has been reduced by the removal of the fifth and sixth grades to the Ripley Road School. The depletion in numbers has proven a great help in the reorganization of our classes here; it leaves the high school pupils a study hall, and enables us to avoid the use of the third floor for classes and cuts down the amount of student traffic in the halls.

The present school day runs from 8.15 a.m. to 12 m; one hour recess for lunch; 1 to 3 p.m. Students whose daily work is completed may be excused on application to the homeroom teacher at two fifteen. The day is divided into eight periods. The eighth period is devoted to make-up work, study or physical education.

Miss Brooks this year has conducted a class of special pupils whose ability would not permit them to remain in classes with their own age group. Three special pupils have been assigned work in various high school classes according to their ability. They have shown marked improvement.

### Concerning College Preparation

Seven of those graduating in June are continuing their education at schools of higher learning. Our college entrance group is usually small, but of those who have entered college from this school by examination or certificate in past five years not one has failed to pass in his or her examination, nor has any one of them done other than well in the college work itself. Two of our recent pupils stand at the head of their college groups. The amount of profit from a four-year high school course is in direct ratio to the amount of work put into the course. The will-to-do is developed only by doing. We are but the sum of our habits and the right mental habits can only be acquired by

practice. Those who have succeeded in college were workers in high school.

### **Extra-Curriculum Activities**

The two upper classes successfully conducted dances in the Ripley Road School hall. In activities of this sort the necessary work of organization, publicity, and decoration is done entirely by the pupils. The senior class presented the well known play "The Charm School" to a large audience in the Town Hall in June.

Since the first of November, and continuing through the winter, a dancing class has been conducted for Osgood School pupils. The instruction has been excellent and has served to enable many of those pupils who have remained away from the various social activities of which dancing is a part, to participate on a footing with their fellow schoolmates. I have always felt sorry for the boys who peeped in upon school parties from the halls or through the windows, embarrassed because of their inability to take a part.

### **Suggestions to Parents**

No pupil who is absent consistently can prepare his work in a satisfactory manner. He or she loses the actual classwork of the day on which the absence occurred and the assignment and preparation for the following day.

It is only by regular attendance at school that a pupil may get all that the school has to offer. There is a very close relationship between low grades and absence and tardiness records.

I enclose below the report of Mr. Ripley, director of athletics for boys and in behalf of the Osgood School teachers and myself I thank you for your kind support, courtesy and efforts to provide us with whatever you believed necessary to improve this school.

Sincerely yours,

JAMES W. DOYLE,  
*Principal.*

## REPORT OF ATHLETIC COACH

*Mr. J. W. Doyle,*

*Dear Sir:* The athletic program for the boys at the Osgood School, as in the past, has been conducted with the object of interesting as large a number of boys as possible. We have competed with other schools in baseball, track, and football.

The high school baseball squad numbered twenty-one boys, and played a sixteen game schedule in the South Shore High School League. The junior team, with Mr. Meyer in charge, won the Triangular League cup.

We had entries in the Young Men's Christian Association track meet at Brockton. At the Hingham track meet the school won permanent possession of the Hingham Harvard Club Cup awarded to the school scoring highest in proportion to its enrollment.

An enthusiastic group of thirty-two boys from the Junior High grades formed a football squad in the fall. A five-game schedule with Hingham and Hull schools was satisfactorily completed.

I hope that this program has in some measure contributed toward providing healthful recreation with good sportsmanship and loyalty to the group as the guiding principles.

Respectfully submitted,

WILLIAM RIPLEY, JR.

**Graduating Class of 1930**

Doris Brown	Paul James
Mary Browne	Laura Leonard
Herbert Burgess	Warren Pratt
Eileen Edwards	Katherine Sullivan
Thelma Gardner	Charles Wilson

The names of George Campbell and Lucille Dion were omitted through an error from the list of graduates in the 1929 Report.

James Henry	Rosa Sinopoli
Marjorie Higgins	Etta Stoddard
Pauline Howe	Molly Tornberg
Charles Infusino	Frank Wheelwright
May Infuasino	Pearl White
Harry Jason	Robert Williams
Robert Jason	Phyllis Crossman

## REPORT OF THE PRINCIPAL OF THE RIPLEY ROAD SCHOOL

*Mr. O. K. Collins,  
Superintendent of Schools.*

*Dear Sir:* During the past year special attention has been given to the improvement of the penmanship and reading in all of the grades. These two subjects are so important that satisfactory work in all other school subjects is dependent upon them. The lower grades have been divided into small groups according to the reading abilities and the upper grades have been encouraged to read more and better books. Many children have won merit badges in penmanship and the new manuals which we started to use in September have proven valuable in improving legibility and fluency in writing.

We are serving from fifty-five to seventy-five children a day at our lunchroom and when the weather is stormy or very cold an even larger number. The children are helped to choose a well balanced lunch. Too many sweets are not allowed and there is milk or cocoa on every tray. The children are taught the value of proper foods in the classrooms and they are expected to use this knowledge in buying a nourishing lunch. Using the two vacant rooms as places in which to eat the lunches has been very satisfactory. These rooms have been used to advantage on many different occasions.

Our school assemblies which were started when we first moved into the new building continue to furnish inspiration, interest and keen enjoyment to our children. The programs are usually closely connected with the regular school work and lessons in health, safety and character education are dramatized. Special programs are prepared for special days and simple costumes are used. Many parents have visited us during these assemblies and we are very glad to have them do so.

Several Parents' Days were arranged during the year to bring the parents, teachers and pupils into better understanding

and closer coöperation and to promote harmonious relation generally. These visiting days have brought the parents into closer personal touch with the earnest and thoughtful service which progressive and capable teachers are rendering daily to their children. We were pleased to welcome seventy-two parents on our most successful of these days.

The addition of the fifth and sixth grades made it necessary to reorganize the activity on the playground and Miss Gwendolyn Cleverly, one of our teachers, who has had special work along this line was given charge. The games which the children choose to play are directed by the teachers under Miss Cleverly's supervision. The opportunity to teach fairness, self-control, confidence and courtesy is greater on the playground than in the classrooms especially in competitive games. When the weather permits many of these games between grades and groups are encouraged and in the spring we expect to have several fine baseball teams.

Every year since we have been in the new building we have given a bridge party to further some school project. These parties have been very successful both socially and financially. We are very proud of our well furnished teachers' room for which purpose some of the money was used. The parents and friends of the school have been most helpful at these times and I wish to take this opportunity to thank them, in behalf of the teachers for their coöperation. Their assistance on these occasions is greatly appreciated.

For the past several years the health work has been emphasized by a health play in the spring. The children work during the year to qualify for merit tags which are given for perfect teeth, posture and correct weight. These tags are awarded on the day of the play. Parents and teachers should work together to help the children win these merits.

In closing may I thank you for your helpfulness, the parents for their coöperation and the teachers for their earnest efforts. Respectfully submitted,

HELEN L. BROWN.

## REPORT OF ART DEPARTMENT

*Mr. Orvis K. Collins,  
Superintendent of Schools.*

*Dear Sir:* I submit for your approval the annual report of the Art Department.

The removal of the fifth and sixth grades to the Ripley Road School necessitated a change in the number of periods spent in that building. Tuesday and Thursday of each week are now devoted to the teaching of drawing in those grades and to the supervision of the work in the primary grades. Detailed outlines are provided for the primary teachers, some lessons are taught, others are supervised, and the results are reviewed at regular intervals. Enthusiastic coöperation and good teaching in these grades have produced excellent results. The Primary school held a Spring exhibit of drawing.

The seventh, eighth, and High School grades have had two periods each of free-hand drawing per week with the exception of one division of the eighth grade, which has had only one period. The usual two periods of mechanical drawing for eighth grade boys have been omitted. This is to be regretted, for since the majority of boys are later going to work along industrial lines, the eighth year seems to be the right time to begin their training in that direction. There has been a large class in ninth grade mechanical drawing since September. Eight or ten upper class boys who were anxious to take it could not get it in.

I should like to include a quotation which seems to me to be a good answer to the question, "Why bother about Art?"

"Because a knowledge of Art can give you more pleasure than almost anything else. It can make you rich. It can give you a vista — and a vision. It reveals hidden beauty. It is like the window in the workshop that lets in the sunshine and gives a beautiful outlook. It makes life more worth while. It makes common things more valuable. A flower pot is worth a few cents, a bowl of the same clay a few dollars — a vase

exquisitely formed and finely glazed or decorated sometimes hundreds of dollars. The difference between a kitchen chair and a Chippendale chair is a matter not of materials but of Art. The artistic home is the one everyone would choose. The difference is a matter of choice — taste. If you want to know how, you must know about art. Art is one of the few things in the world that is permanent — the art of Greece is still the glory of that nation. So is the art of Italy — of France. Art is for all. It enriches life, both for the individual and for the nation."

In conclusion I wish to thank you and the members of the School Committee for your helpful backing in all our endeavors.

Respectfully submitted,

FLORENCE E. KRAUS.

December 31, 1930.

## REPORT OF THE SUPERVISOR OF PHYSICAL EDUCATION

Dear Mr. Collins:

I herewith submit a report on Physical Education activities for the past year. The indoor program at the Osgood School during the winter of 1930 consisted largely of marching tactics, games, clogging and folk dancing, and stunts. The achievement tests in stunt performing were very successful.

Outdoor work included track and baseball. Track meets were enjoyed by both boys and girls. I introduced archery for the first time and by the enthusiasm shown I would suggest that an outfit be purchased for the use, particularly, of those who cannot take part in the regular program because of some disability. This is an activity which is growing rapidly in popularity as an adult sport, a fine form of recreation.

In the fall highly organized games such as soccer, field ball, bat ball, outdoor basket ball and tag-football were the chief activities. Field hockey, the girls' after school sport, had to be given up because of the later closing hours and the long distance of the field from the school. It is unfortunate that a field cannot be secured nearer.

For the first time in several years indoor basketball is now available and sixteen teams of girls are enjoying frequent games. This is proving a popular and beneficial game.

Beginning last fall Mr. Meyer has had charge of the junior high school boys and Mr. Doyle, of the high school boys. This is a great advance as now with boys and girls separated more suitable work can be done by each group. This is the first time the high school boys have had physical education and they surely appreciate the opportunity.

The health play given at the Ripley Road School last spring showed what is being done there. In addition the teachers are carrying on a program of school room games in the daily Physical

Education period. The use of every available bit of ground and the addition of some much needed equipment would greatly facilitate the program at both schools.

Respectfully submitted,

WINIFRED BROOKS.

## REPORT OF THE DOMESTIC SCIENCE DEPARTMENT

*Mr. O. K. Collins,  
Superintendent of Schools.*

*Dear Sir:* I submit for your approval and acceptance a brief report of the Domestic Science Department for 1930. The work of this department has been the teaching of cooking and sewing and the preparation and serving of the noon lunch.

The aims of the sewing department are to teach the girls the making and use of the common stitches, the use of the sewing machine, the use of patterns and to instill in them an interest in the making and care of their clothes. Sewing is taught in the ninth grade and until September when the fifth and sixth grades were transferred to the Ripley Road School it was taught in the sixth grade.

The cooking department desires to interest the girls in the work and care of their homes and to teach them to cook and serve simple, well-prepared food. The preparation of certain dishes for the noon lunch and help in serving is an important part of this work. In return for their help at the noon hour the girls are given their lunch on the days they serve.

The attendance at the lunchrooms of both the Osgood and Ripley Road Schools has been large. The change of time at the Osgood School, in September, giving the pupils a longer noon hour, has made it possible for more to go home at noon. Appreciation is expressed to the teachers of the Ripley Road School for their help in the lunchrooms, supervising lunches and aiding the children in choosing wisely.

The majority of the older pupils eat sensible lunches, soups, main dishes, sandwiches and milk being the most popular foods at the Osgood School. I wish to thank you and the School Committee for your interest and helpful attitude toward this department.

Respectfully submitted,

HELEN C. WELCH.

## REPORT OF INDUSTRIAL ARTS DEPARTMENT

*Mr. O. K. Collins,*  
*Superintendent of Schools.*

*Dear Mr. Collins:* In accordance with your request I submit my report of the Industrial Arts Department for 1930. With the sixth grade transferred to the Ripley Road School, the classes remaining at the Osgood School constitute a regular Junior-Senior High School, and the industrial arts activities have been planned accordingly.

Four periods of woodwork are given each week to Seven-A and six periods a week to Seven-B and the special class of over-age pupils. The course includes instruction in the use of all the ordinary hand tools and the construction of useful articles of furniture. Instruction is also given in shellacking, staining, varnishing, and polishing.

Grades 8 A and 8 B each have four periods a week of printing. Additional type case stands have been built to accomodate the classes. With excellent coöperation from pupils and teachers a small school paper called *The Lighthouse* is printed bi-monthly. The issuing of this paper acquaints the boys and girls with news gathering, reporting events, writing editorials, managing and marketing a paper. The printing of even a small paper, because of its many sections, demonstrates the use of various kinds and sizes of type and layouts. In addition to the paper, other jobs of press work, such as tickets, flyers, stationery, billheads, cards, programs, etc., are also included in the printing course.

The ninth and tenth grades each have four periods weekly of advanced woodwork, including wood-turning. Woodworking, with its many and varied tool processes, is generally recognized as the best single shop activity. It serves as an expression of creative art and general culture as well as an introduction into various industrial occupations. It is a pity that three excellent machines are still in the dark back room of the Osgood School, making it impracticable to acquaint the boys with their general

use. I hope that the next new construction for school purposes will be an addition to the Industrial Arts building bringing the whole department again under one roof.

The dropping out of industrially minded boys from the junior and senior high school classes continues unabated. These boys constitute the majority and the town should provide suitable education for them as well as for those who are headed for college and business. I would suggest either a more distinct technical course with more time in the shops, more drawing and related academic work, or else a trade school, to which nearby towns may send boys on payment of tuition. The State of Massachusetts assumes fifty per cent of maintenance expenses, including teachers' salaries, for trade schools.

"We cannot in fairness continue to provide specialized education free to the few who propose to enter the professions, while denying education to the many for commoner vocations."

— Herbert Hoover.

I wish to thank you for your sympathetic and helpful interest in the department in my charge.

Respectfully submitted,

MAX H. MEYER.

## REPORT OF SCHOOL PHYSICIAN

I am pleased to report that the number of ill-nourished and underweight children in the Cohasset schools is steadily diminishing, as shown by the following statistics of those found to be "underweight."

1928.....	105
1929.....	61
1930.....	42

I attribute this improvement to better care on the part of parents, to the interest aroused by the recent State examination, and very largely to the efforts of the school nurse in encouraging and securing better home conditions. The improvement in the teeth and the provision of milk during school hours have also been important factors. I gratefully acknowledge the coöperation of the committee, superintendent, teachers, and the school nurse.

Respectfully submitted,

OLIVER H. HOWE, M.D.  
*School Physician.*

## REPORT OF SCHOOL NURSE

Four Months, Fall 1930

### Consultations:

Teachers.....	359
Pupils.....	455

### Inspection:

Rooms.....	623
Exclusions.....	75
Treatments.....	583
Talks, Drills.....	107
Weights.....	647

### Assisting Physician:

Time.....	5¼ hours
Examinations.....	324
Pupils to Clinics.....	17
Home Visits.....	333

### Dental Clinic:

Hours.....	52
Pupils.....	239 (September only)

### Examinations

The month of October was spent mostly in getting the children and their individual physical records ready for Dr. Howe's yearly physical examination. Nearly all the children were weighed and measured and the report of their weights transferred to their cards. Vaccinations were also checked up for Dr. Howe.

Six children whose eyesight was found defective and whose parents could not otherwise provide attention for them were taken by me to the Massachusetts General Hospital Eye and Ear Infirmary. It was necessary to supply two of them with glasses and the others were either given drops or instructed as to reading, light, etc. by the clinic doctors.

Respectfully submitted,

RUTH M. ROSS.

## REPORT OF CLUB WORK

*Mr. O. K. Collins,  
Superintendent of Schools.*

*Dear Sir:* The annual Exhibition was held on September 19 at the Osgood School. Mr. William Curly and Mr. Perry again judged the vegetable exhibits. Mr. John Daun and Mr. John Millar also served again as judges of the flowers. We are fortunate in having as judges men who have had many years of experience as expert gardeners and florists.

Monthly meetings of the poultry club were held during the school year. Some phase of the poultry business is taken up at each meeting, illustrated at times with slides or movies. The general aim being to make poultry raising and egg production a profitable venture.

Field Day at the Agricultural School in Walpole was held in June and attended by about thirty-five boys and girls. Gertrude Groce and Mrs. John Lawrence attended the 4H Club Week at M. A. C. Camp at Amherst, Mass.

The canning club met during the vacation months. Mrs. Lawrence has charge of the canning club and also of the clothing clubs which meet during the winter.

Special mention should be made of Lillian Lawrence in connection with her work in the clothing club. A school dress which she has made placed first in every elimination exhibit held in the State and was then selected to be sent to the 4H Congress Exhibit at Chicago, Ill. This selection entitled Lillian to attend the Congress which was held during the last week in November.

A complete list of the winners at the exhibit and a statement of finances will be found on the following pages.

Respectfully submitted,

M. H. MEYER.

## CONTESTS AND AWARDS OF THE BOYS' AND GIRLS' SUMMER PROJECTS

The prizes were contributed by the following citizens and residents of Cohasset; Mr. and Mrs. Hugh Bancroft, Mr. and Mrs. Edward B. Bayley, Mrs. Mary K. Bolles, Mr. and Mrs. Edwin L.
